APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that during the season of normal flow, (usually after July 1st,) that the applicant shall cease the diversion of water herein granted when called upon to do so by the office of the State Engineer. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One & 6/10 cubic feet per second. (1.6)

Actual construction work shall begin on or before July 3, 1915.

Proof of commencement of work shall be filed before August 3, 1915.

Work must be prosecuted with reasonable diligence and be completed on or before August 3, 1915.

Application of water to beneficial use shall be made on or before October 3, 1920.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before November 3, 1920.

WITNESS MY HAND AND SEAL this 3rd day of May, 1915.
